WIRELESS ANYWHERE

Staybridge Suites was the first upscale extended stay hotel to offer guests free access to wireless high-speed internet anywhere on the property and is still the only one that does.

Overview

We love our guests to feel like family and our hotels to feel like home.

Staybridge Suites is ideal for business and leisure travellers who want to stay for longer periods of time and enjoy the best of home and hotel.

Guests enjoy their own spacious living areas with fully equipped kitchens and separate working areas. Alternatively they can unwind and socialize with other guests and our hotel teams during The Social evening receptions in our Great Room.
